Quotes from Previous Program

The Chinese teachers were (and this is not an exaggeration) some of the best teachers I have had in my life, for any subject. They were engaging, patient and caring and pushed us out of our comfort zone in a very good way.

- Jason Cheetham, RMIT University, Australia (2018)

Valuable work experience which introduced me to computer science in industry and the workplace is so friendly and fun.

- William Ikenna-Nwosu, University College Dublin, Ireland (2018)
